

DESCRIPTION

JUMBO SMX 20W40 SJ/CF provides reliable engine protection for today's engines operating in severe application.

APPLICATIONS

- Commercial road transport.

BENEFITS

- Robust sludge and wear performance.
- Excellent oxidation control.
- Effective anti-wear properties that extend engine life and reduce maintenance costs.
- Balanced detergency / dispersancy that keeps engines cleaner.
- Exceptional low-temperature flow properties helps speed cold starts.

TYPICAL PROPERTIES

Characteristic	20W50
SAE Grade	20W50
Specific Density @ 15°C	0.8875
Kinematic Viscosity @ 100°C, cSt	19.38
Viscosity Index	121
Colour, ASTM	L 3.0
Flash Point COC, °C	254

PACKAGING

200 Liter – Drum
